Sauternes Cask Finish

Our Distillery

Founded in 1947 on a site with a brewing heritage dating back to 1488. Our distillery proudly sits in the village of Blackford, at the gateway to the Scottish Highlands.

We're one of only a handful of distilleries to have a Cooperage and Bottling Plant onsite, allowing us full control over the whisky-making process from grain to glass.

The Whisky

After an initial maturation in first-fill bourbon barrels, Tullibardine 225 is then finished for up to 12 months in 225 litre French Sauternes casks.
