OAK SPECIES MATURATION SERIES

QUERCUS HUMBOLDTII COLOMBIAN OAK

The first release in our Oak Species Maturation Series, showcasing how individual species of oak interact with our Isle of Raasay single malt spirit during maturation to create complexity, depth and flavour in abundance.

This fully matured Quercus humboldtii Colombian oak cask whisky is extremely rare and offers deliciously decadent flavours of crème brûlée and heather smoke.

Available directly from our website for delivery in the [UK & select US states](#), at our distillery shop and via our UK and international trade partners.

ABV
50.7%
