**OAK SPECIES MATURATION SERIES TASTING PACK**  
RRP: £35.00

Behold our brand new Oak Species Maturation Series Tasting Pack: Four small (5cl) but mighty whiskies, each characterised by the virgin oak casks they have been fully matured in. Hand-selected by our Co-founder & Master Distiller, Alasdair, and bottled at 50.7% ABV.

Through this pack, we explore how our Raasay spirit develops when fully matured in the following virgin oak casks: *Quercus humboldtii*, *Quercus petraea*, *Quercus robur*, and *Quercus muehlenbergii*.
